American Laber.

Blackwood's Magazue, which has so long maintained the Tory side of every question, has come round in a most essentia! point. Instead of declaiming as in former times, against the American protective system, it now freely confesses the great windom and inestimable benefits of that policy, and ascribes to it, with perfect truth, the unparalished advancement of the Un: ted States, in wealth, population, independent spirit, social improvement, individuaand collective enterprise, and elements of national greatness. Blackwood quotes the following from Mr. Webster's speech in 1648, as equally remerkable for truth and eloquence :

"I have spoken of labor as one of the great elements of our securty, the great substantial spirit upon which we all stand. Not feudal service, not predial toil, not the irkeome drudgery by one rare of mankind, subjected on the account of color to the control of another race of mankind; but labor, manly, intelligent, independent, thinking and acting for itself, earning its own wages, accumulating its own wages into capital, becoming a part of society and of our social eystem; educating childhood, n-aintaining worship, claiming the right of the elective franchise, and beloing to unhold the great fateric of the State. That is American labor, and I confess that all my sympathies are with it, and my voice, until I am dumb, will be for it."

#### French Outrage.

The Sandwich Islands have again been invaded and insulted by Frenchmen. A definulty had arisen between the French Consul and the Hawaiian Government; the latter having refused the admission of French bondices at reduced duties and the sale of the same by French whalers. The French Admiral, against the protest of the American Consul, proceeded to forcible mousures. The fort was seized, and the Plaunian flag taken down for three days. when the French again raised it. One of the public vessels was seized also, and sent off under French control to Tahiti, or Valparaiso, when the French authorities len to Island. The Hawminn Government proposed a submission of the matters to the cabinet at Paris. The British Consul also offered his mediation, but all was repered. The French are permitted to condact in a strange and lawless manner towards the poor I-landers of the Pacific, and no pation raises its voice against it!

it has already been announced that on eresing a bex of California gold dust at the Mint in this city, and one at Baltimore, is was found that the gold had been abstracted. The New York Courier says a ometer had been made with an auger thro' the wooden box, and then the canister insi le was perforated so that the gold could be extracted without much trouble. The hole in the wooden box was then carefully s larged with wood, and seeling wax placed on ne outside resembling the holes made on the joints of the box to prevent its being egened. In this way about five hundred o now of gold dost was stolen.

SPECIAL VERDICES .- The verdicts rendered by juries are cometimes rather queer a-cuments, as most lawyers have had means of knowing, but there was returned by a Cattaragus county (N. Y.) jury recently more laughable than any other that we have ever heard or read of. It appears that three young men were tried in that county for shooting and mortally wounding a dog, and the written verdict of the " twelve good men and true," was in the following words, to wit : " All three guil ty; planutiff's damages assessed at sixpence; and cuch of the defendants to have another shot at the dog!"

Mr. Squier the U. S. Charge to the Centre! American Republics, having information of the intention of the English to so ze the Island of Tigre, belonging to Honduras, and commanding the entire Paeific coast, has negotiated a treaty with Handuras, by which that Island is ceded to the United States.

PURITY! PURITY! LIFE and MEALTH are in the BLOOD.

#### Closume, Purify, and Regulate the Circulation he whole body will have health. The most won fall remedies to produce such a result, is **BRANT'S INDIAN** PURIFYING EXTRACT

Yes, the desired result and affency will be preduced by the use of a smaller quantity of this Puntrum than can be effected by the use of a like quantity of any other remedy in the world. (See our Pemphlets for proof.) This Puntrum is whelly prepared from Vegeteller, and curve the users, most obstrants, and long standing diseases of the blood, without pulsag, parging, ecklessing, or debit-isting. It cleaners, strengthens, unsequented, makes new, healthy bleed, and gives new wiger and new lefe to the whole system. BRANTS PURIPIER & FOUR TIMES CHEAPER

ONE DOLLAR'S WORTH of it will effect a greater amount of curs than four dollars' worth of sursuperilla, or any other remedy, no matter how large their bothles may be. The superions question for consumers to determine, in, how much assec cursaive offer will a deliar's worth of that Purifier product, than a deliar s worth of that sursuperilla or other remedy. We might here say, that Brent's Medicases had cured, within the last year,

100,000 Persons of Impure Blood Diseases. and 25,000 Cases were considered Incurable! as some other patent medicine men are in the habit of caping. If we should say so, who would believe us? This
however, we do say, and stand ready to prove by respectable
witherers, that BRANT'S MEDICINES have officied cures of
more diseases on living human beings, the past year, than
any other remedy in existence did during the same time. How much will a Dollar's worth CURE?

Thenty large, deep Ulcers were coved by using only tooles tottles of Broat's Purpler. The following is the most wonderful and astonishing cure hat was ever effected on a human being, by any medicine. Horrid Scrofula Cured.

Mr. J. B. Hasker, of Rome, Oncide Co. N. I., certifies, December 20th, 1846, that he had been afficted with Scan-pular four years, and the last year confined to his bed, with twurver longs, dop, discharging Uncuns—that his neck was esten around from ear to car—a hole was esten through his Wind-pips, so that he breathed through the hole—his ear was nearly destroyed—the use of his arm was whelly destroyed—and an Uncer under the arm, as large as a man's hand, had nearly eaten through into his Lungs—that he had used all kinds of Sansapantilla and sche madicines to no heaff, and that he was not expected sche madicines to no heaff. Lungs—that he had used all kinds of Samapanetta and cather madicines, to no benefit, and that he was not expected to lies twenty-four hours when he commenced Baant's letotast Poursving Extract—that stain BOTTLES of the Poursving Extract healed and cared suversum of the twenty Ulcors he had when he commenced using it, and that a few bottles more effected a primarite cours. For full particulars of this, and many other similar cursa, see our hamanet cursa, see our This Wonderful and Astonishing CURE

does not stand alone as a monument of the great dicary of Baary's Pussyras, for we could give almost unlim-ited evidence of other cures, well attested, if this were doubted. This cure is certified to by Fourteen Respectable Witnesses.

By Docr. Twos. Williams, one of the most respectable hysicians of Rome—by Messrs. Reseal. & Luowand, tholessis and retail druggists—by Mr. G. R. Brows, pro-rietor and keeper of the West Ross Hotel—and by least other witnesses. Brant's Indian Purifier cures all impure diseases of the blood, viz: Said Hand, Sais Rheum, Rheumation, Eruptions, Pimples on the Face Piles Biles, Ulters, Cottonaes, Mercurial Diseases, Liou-Complaint, Pains in the Hack, Side, and Limbe, Ruch of Blood to the Hand, etc., etc.

### BRANT'S INDIAN PULMONARY BALSAM

This Balsam possesses all the cleaning and purifying Fertuse of the above-manuel Punistrine Extract, and also possesses as veral other medications, particularly and persuarly adapted to cure COUGHS and COUSUMPTIONS. It heals and cures Uteres in the Lange, and elsewhere internally, as readily and as easily as the Purifying Extract heals and cures externally.

Thickands of cures of the most hopeless Concumption faily prove its almost mirroulous efficacy in all diseases of the LUNGA, THROAT, and BREAST.

THIS CURE was effected on the wife of Mr. Zina Dukmean of the teem of Ballaton, Saratage Co. N. Z. Mr. Dykeman was pronounced edging, and Mr. Dykeman west to the store of Mr. Jones Wart to purchase ciath for a shroud, and other buriel materials, expecting his wife would soon de. She was in the last stage of the disease—was mack opposed and distressed—and to relieve her great distress, and make a deging pillow more case, Mr. Dykeman was persuaded to give her some of "littant"s those with the shroud, and gave a portion to his wife—a
